FOR IMMEDIATE RELEASE

Modalis Infrastructure Partners names René Gantzert as Partner and Managing Director of Airport Talent Solutions (airportTS)

October 22, 2024 - VANCOUVER, CANADA – Modalis Infrastructure Partners, a global strategic investment advisory firm specializing in international transport infrastructure, has appointed René Gantzert as Partner and Managing Director of its Airport Talent Solutions (airportTS) division, one of six specialist and complementary business lines within the company.

René joined Modalis in 2022, supporting its continued growth and diversification. He recently earned the Global Professional in Human Resources (GPHR) designation by the HRCI and has a B.A. (Honours) in International Relations and a Juris Doctor.

René brings 30 years' experience in labor relations, legal analysis, risk assessment, labor and insurance law and high-level negotiations. Originally from the Netherlands, René is based in France.

“During his time with Modalis, René has demonstrated a deep understanding of the talent needs of our aviation industry clients” said Curtis Grad, founding partner, president and CEO. “His commitment to client service and growth of our talent solutions division makes this a critical appointment for our future success.”

“Given the continued growth of the airport and aviation industry, airportTS is ideally suited to fulfill the very specialized talent requirements of the industry” stated René Gantzert, “by focusing exclusively on the airports and aviation sector, we have the knowledge and capability to quickly respond with highly qualified professionals to meet industry needs.”
